

MEET OUR TEAM

Laura Finn, OTR/L

Occupational Therapist

Hello! My name is Laura Finn I am a pediatric occupational therapist. I received my Bachelor's of Science in Wellness Management from SUNY Oswego in 2018. I went on to receive my Master's of Science in Occupational Therapy from Utica University in 2021. I have a broad range of experience, from working with children to individuals across the entire lifespan. My passion to work with children is driven by my desire to help children and their families reach their full potential. I have worked with children in multiple settings including a center based EI program, preschool age, and school-based. My goal as a early intervention therapist is to empower parents through coaching, modeling, and providing strategies/techniques to enhance their child's development, and engagement in daily routines/activities.
