## WHY CHOOSE US?

EIS owners, executives, & supervisors began as Early Interventionists. We intimately understand the process of EI & value the questions & concerns you may have about your child. We impart our passion for delivering the highest quality services by providing ongoing training & development to our team. Our highly qualified Early Interventionists promote learning in your daily routines to empower you to encourage your child's development.

Once your child has qualified for Early Intervention services, you will be asked to choose an Early Intervention provider.

## WHAT IS EARLY INTERVENTION (EI)?

While all children grow & develop in unique ways, some children experience delays in their development. Pennsylvania's Early Intervention program provides coaching support and services to families with children, from 0-5 years, with developmental delays & disabilities. Early Intervention builds upon the natural learning opportunities that occur within the daily routines of a child & their family.

## OUR SERVICES

EIS OFFERS THE FOLLOWING SERVICES:

- Developmental Therapy/Special Instruction
- Behavior Support
- Nutrition
- Occupational Therapy
- Physical Therapy
- Speech Therapy

Email us for more information at [info@eiskids.com](mailto:info@eiskids.com).

## WHAT IS COACHING?

Early Intervention services are delivered using a caregiver coaching model. Coaching is an interactive process between an interventionist & a parent/caregiver that involves observation, reflection, & action to directly promote the parent/caregiver's ability to support his or her child's participation in family & community activities.
